Sub. - Export Acceptance of e-AWB shipments at CSI Airport...reg

This is with reference to the consecutive discussion and meetings during finalization of IATA e-AWB process implementation at Air Cargo Complex as part of the e-freight initiative. It was agreed by airline members and freight forwarders to process the e-AWB export shipments with only 02 copies of AWB.

Therefore, it is requested to the airlines processing e-AWB shipments to inform their respective handling agencies to accept only 02 copies of AWB from freight forwarders / Customs house brokers. In case of any additional copy requirement concerned airlines can take necessary prints from their respective cargo application based on the information submitted by Freight Forwarders in the form of FWB/FHL.
